

WHO WE ARE...

The Greater Baltimore Chapter (GBC) was the first chapter of Child Evangelism Fellowship® of Maryland. Currently, we are the largest chapter embracing elementary school children in Baltimore City and Baltimore County.

Trained volunteers in excess of 400 are reaching 1100 children weekly in after-school Good News Clubs (GNC).

WHAT WE DO...

Bible-Based Curriculum

Designed curriculum by our 85-year-old Child Evangelism Fellowship international organization is presented in ongoing educational workshops. Our GNC leaders absorb the gospel message into their hearts and make the Bible come alive! Bible lessons with repetitive messages are shared in scripture memory, Christian songs, and games. The curriculum is carefully designed to address the children's learning style with a clear Bible message.

Bible-Based Church Partnerships

The Greater Baltimore Chapter's goal is to increase our partnerships with Bible-believing churches to sponsor one or more of the 335 elementary schools in Baltimore City and County. The Chapter's ministry is growing, and we have a strategic plan in place for continued development.

The children and families that are represented in the numbers reached is phenomenal, but we are challenged to reach more children! What a difference we can make if children and youth come to know Christ as their Savior! As such, Baltimore would be a changed city!
