A TIME FOR REFRESHING — **Oddet Mears**

Every children's worker should set aside at least 30 minutes each day for careful and detailed study of the Bible and the main doctrines contained in it. This should be separate from and apart from your daily quiet time of reading God's Word, worshipping God and praying for others. There are seven main themes to study and understand from the Bible.

YOUR HEART IN HIS HANDS - CONNECTING TO TEACH — **Vinson McKennie**

"It is not how many Bibles are sold that counts, nor even how many people read them; what matters is how many actually believe what they read and surrender themselves in faith to live by the truth. Short of this the Bible can have no real value for any of us." (Alliance Witness). After you understand the importance of God's Word in the lives of the boys and girls, you must prepare yourself.

From postmodern beliefs to technology, there are many concerns to be addressed, but our concern is ultimately raising up Biblically Focused Kids in this Unbiblical World. How do we do that? This session takes a look at the unique challenges and advantages facing children and ways to intentionally build up Biblically focused kids.

IDEAS AND ENCOURAGEMENT FOR THE HEARTS OF CHILDREN'S WORKERS — **Dr. Michelle Russell**

Sometimes in the midst of praying, studying, preparing, and teaching, we can feel tired or discouraged. We remember "what" we have to do each week, but sometimes we need to remember the "why." In this session, we will offer encouragement to teachers as we look at what God is doing around the world to bring children to Himself. We will also share some fresh ideas for ways to enhance your club. Get tips for help with attendance, teaching the verse, discipline, Bible lesson, games, and more. You can also bring a successful tip or strategy you may have to share with others in the session.

GROWING YOUNG TEENS THROUGH JUNIOR YOUTH CHALLENGE (JYC) **Faith Dugan**
Nurturing Teens with God's Truths- What happens when children "age out" of our *Good News Club*® ministry? Far too often, these preteens slip through the cracks. The *Junior Youth Challenge*® ministry can bridge that gap and provide the encouragement and discipleship these 11-15-year-olds desperately need. Let's protect the investment we made in their early lives through the *Good News Club*® ministry and help these young people continue their walk with the Lord! Let's challenge them to grow strong in the faith, share the Gospel with others, develop a concern for the world around them, and invest their lives in things that will yield eternal benefits. This workshop will provide you with an overview of the JYC™ program and materials, helping you to see how JYC clubs can help grow your ministry.

When children respond to the invitation, learn to use questions to help them come to a saving knowledge of Jesus Christ. How to handle it when a group of children respond to the invitation and insight into handling several different problems that can come up when counseling.
